

PK-H Solar Power Kits

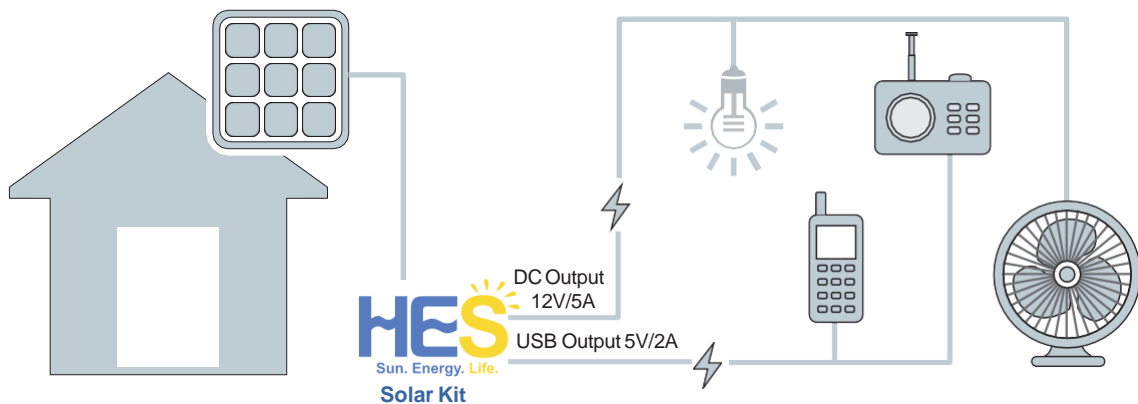

Product features:

HES PK-H series designed for the small families. All the power comes from solar clean, environment protection. This system is usually used for house lighting, remote area, mountainous area, desert area, grassland area, village, country area, camping, outdoor activities, travelling, Lighting at night.

Reliability :

Reliable protection: load overload protection ,
Load short circuit protection , Battery over discharge protection ,
Battery reverse polarity protection

PK-H Solar Power Kits

Panel:15W

Battery:5AH

Controller:5A

Model:PK-H15

Solar Panel	18V/15W
Solar Controller (PWM)	12V/5A (Max.PV60W)
Lead-acid Battery	12V/5AH (Capacity:60Wh)
Output Power	AC Output: none DC Output:12V/5A USB Output: 5V/ 2A
Host Size	
Solar Panel Size	360x240x17mm (N.W.0.6kg)

This electricity reference is based on 65% of battery capacity

Load	Power	Qty	Times	Daily power
LED Lamp	12V/3W	2	6h	36
Total	For reference only			39WH/D

Panel:30W

Battery:12AH

Controller:5A

Model:PK-H30

Solar Panel	18V/30W
Solar Controller (PWM)	12V/5A (Max.PV60W)
Lead-acid Battery	12V/12AH (Capacity:144Wh)
Output Power	AC Output: none DC Output: 12V/5A USB Output: 5V/ 2A
Host Size	244x130x157mm (N.W.5kg)
Solar Panel Size	650x350x25mm (N.W.2.5kg)

This electricity reference is based on 65% of battery capacity

Load	Power	Qty	Times	Daily power
LED Lamp	12V/3W	3	6h	54
DC Fan	12V/2.5W	1	8h	20
Others.				21
Total	For reference only			95WH/D
