INTRODUCTION

03 Solar Panel

26

01

50-70 Watts Panel

18V

02

FULL CHARGE

4-6 Hours

03

shell material

glass lamination+aluminum frame

04

Open circuit Voltage (Voc)

Theoretical value 21.3~23.6V

05

Short circuit Current (Isc)

Theoretical value 5.52~5.78A

06

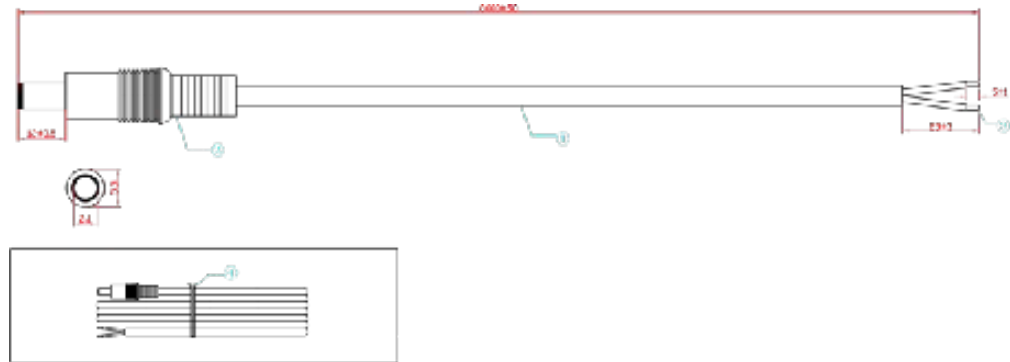

Size

L*W*H:670*530*25mm

04 Necessary cables and accessories

01 DC cable connect
soundbar-solar panel

8m length

02 DC cable connect
TV-Soundbar

2m length

03 1 divided 2
